

The "3R's" of the New Deal: RELIEF, RECOVERY, and REFORM

- Relief - provide food for the hungry, housing for the homeless, and jobs for the unemployed.
- Recovery - help business and agriculture start up again.
- Reform - make changes to prevent another serious depression in the future.

Task: Each of the programs will fit into one of the three categories or be a combination of the two. You are to decide where each item best fits and write its initials in that section of the chart. Be prepared to explain your choices.
